

Eco-Schools Activity Day 2025

Please join us for our first ever Eco-Schools Activity Day for Church of England Schools. A chance for **Eco-committee members** from KS1 and KS2 and their adult leaders to meet with each other and share the amazing work that is going on in our schools to improve the environment and cherish God's creation.

Learn from experts by attending our fun and interactive workshops:

- Cornwall Wildlife Trust** - Attracting pollinators
- SW Water** - Fashion and sustainability
- Surfers Against Sewage** - Marine plastic pollution
- Woodland Trust** - Biodiversity - Tree identification
- Suez** - Waste recycling
- Falmouth University** - Eco Anxiety
- Cornish Language** - Naming marine animals

Plus - leaf printing, butterfly bingo, seed planting, bee bomb making!

Share **your vision** for your school with pupils from other schools and gain exciting new skills that can be shared with your classmates back at school. What has your Eco Council been doing? Send us your photos to share with others!

Francis Hyland author and co-ordinator at Eco-Schools will be joining us via zoom

This fun activity day provides an ideal opportunity to evidence **Step 5 of your Eco-Schools journey** (Informing and Involving) as well as networking with like-minded young people from across our diocese.

The event is on **Wednesday 12th March 2025** and will be held at **Truro Cathedral**.
