

Legionella Awareness Training

<p>Course Summary:</p>	<p>This course raises awareness of the ill-health risks associated with legionella bacteria, where the bacteria comes from, how it can be allowed to proliferate, and how to minimise the risks of transmission.</p> <p>Legionella bacteria grows easily in man-made water systems which are maintained in the "danger zone", allowing bacteria to breed in many buildings containing stored hot or cold water, these bacteria can then be allowed to come into contact with people, and individuals may then contract legionnaires disease.</p> <p>Employers need to consider the risks of legionella in their risk assessments and manage the risk to reduce the chances of employees or members of the public contracting the disease from any property the employer manages.</p> <p>Legionnaires disease has a fatality rate of 5-15% and some people can be more likely to catch it than others.</p>
<p>Course Content:</p>	<p>To improve awareness of Legionella, associated regulations and understanding the risks. Learn key facts and suitable knowledge to assist in the planning and maintenance of water risk controls in the workplace.</p> <p>This will help delegates:</p> <ul style="list-style-type: none"> • Improve understanding of what Legionella is and where it's commonly found • Explore the history of the disease • Learn key facts about how Legionella bacteria can grow • Understand the regulations relating to Legionella control • Clarify employer responsibilities • Manage water systems safely and effectively • Maintain accurate records to demonstrate strong compliance
<p>Course Style:</p>	<p>Sessions are a mixture of slides and discussions. There is a short knowledge test at the end of the course to ensure delegates have absorbed the key information.</p>
<p>Course Information:</p>	<p>9.15am – 3.30pm approx.</p> <p>Lunch is not provided.</p> <p>If you require the use of reading or distance glasses, please bring them with you.</p> <p><i>Please notify the tutor if you have any concerns about attendance as full attendance is required to complete the course.</i></p>
