

CREATIVE & COLLABORATIVE THINKING LAB

BIG IDEAS. STRONGER TOGETHER.

A 4-WEEK ADVENTURE OF INNOVATION, TEAMWORK & PROBLEM-SOLVING!

In this hands-on lab, students become innovators! They'll collaborate, think critically, and bring their ideas to life—one challenge at a time.

AGES
9-11

WEEK 1

SPARK THE IDEA!

Students engage in collaborative thinking activities and identify a real-world problem worth solving.

- Explore everyday challenges
- Brainstorm creative solutions
- Build strong teams

WEDNESDAY,
SEPTEMBER 9

1:30 – 2:45 PM

WEEK 2

PLAN LIKE INNOVATORS!

Teams develop a detailed plan for their invention, including materials, steps, and a smart budget.

- Create a plan and timeline
- Research and choose materials
- Build a budget and justify choices

WEDNESDAY,
SEPTEMBER 16

1:30 – 2:45 PM

WEEK 3

BUILD TOGETHER!

Teams put plans into action! Collaborate, problem-solve and build their inventions from the ground up.

- Strengthen teamwork
- Use critical thinking to overcome challenges
- Test and improve prototypes

WEDNESDAY,
SEPTEMBER 23

1:30 – 2:45 PM

WEEK 4

PRESENT & CELEBRATE!

Teams complete their inventions and present their solutions to the group.

- Finalize and prepare presentations
- Share ideas and reflect
- Celebrate creativity and teamwork!

WEDNESDAY,
SEPTEMBER 30

1:30 – 2:45 PM
