

# Analyse School Performance (ASP) and Inspection Dashboard for Senior Leaders

## Inspection Dashboard for Governors

Analyse School Performance Service (ASP) is the replacement to RAISEonline and we aim to provide training that will enable effective use of this service.

The ASP workshop will offer you the opportunity to gain guidance and support on how to use the RAISEonline Replacement Service effectively, in order to improve school performance. It will be directed towards navigating, interpreting and evaluating the data provided, in order to gain the highest possible value from the information.

By attending the workshop you will learn how to:

- Effectively navigate the Analyse School Performance (ASP) Service
- Interpret and analyse the data within the new ASP Service
- Gain an insight as to how Ofsted could view your data

The workshop will focus on the most up-to-date version of ASP available, using your own school data from last academic year (at the time of advertising, 2017 results have not yet been uploaded). If any further system updates take place, the workshop will incorporate the updated version.

To complement this, we will also offer an Inspection Dashboard workshop for senior leaders. This has been created to support Inspection arrangements for 2017 and the workshop focuses on providing technical guidance for using the new 2017 Dashboard, when it becomes available, and the methodology used to highlight strengths or weaknesses on the data contained in it. There will be examples from the 2017 Dashboard and delegates will be upskilled to read and understand the new dashboard as soon as it is launched.

We hope to run these workshops together, as a workshop day, with school leaders either attending both elements or different leaders attending each workshop. We will also be running separate evening Inspection Dashboard workshops for governors, focusing on what they need to know about the Dashboard in order to hold their school to account, and support and challenge the leadership team. The cost of each individual workshop will be £80 per delegate, but a 10% discount will be available when booking a place on all 3 workshops (ASP for Senior Leaders, Inspection Dashboard for Senior Leaders and Inspection Dashboard for Governors).

**To book your place, visit our online booking system  
or call 0116 266 3730 (option 5) for further information**
