

National Professional Qualification for Middle Leadership NPQML (Primary, Secondary and Special Education)

Develop the skills, knowledge and confidence that you need to lead a high-performing team in a school and to improve classroom practice.

Thomas Estley Learning Alliance (TELA) are one of only 40 nationally accredited providers of NPQs. The course is designed and delivered by experienced headteachers, National Leaders of Education and teams of experts, with modules designed to meet the needs of schools across the East Midlands, including narrowing the gap with white working class boys and leadership in faith schools. The **NPQML** consists of 3 face to face days and 3 twilight sessions. You'll need to complete the essential modules and a final assessed school based task.

The **NPQML** final assessment is a task drawn from work on a school improvement priority, where you lead at team level for at least 2 terms. You'll need to show that you can make successful and sustainable improvement in your school, and use the experience to reflect upon and improve your own leadership skills
