

**IMPORTANT CLINIC INFORMATION – PLEASE READ CAREFULLY!
FOR ALL EQUIDANCE CLIENTS**

- 1) You must already have your floor plan designed before the clinic. Don't worry if it's not perfect, we can help tweak it to get the timing right etc
- 2) Cancellations will revert to an "on-line" purchase model. The client will need to send a video of their floorplan to Equidance and music choices will be discussed over phone and email links. Refunds will not be made for cancellations due to spaces available, arena hire and travel required for each date. You can pass your booking to another rider
- 3) Don't worry if you are not able to ride the complete test. We can film sections and edit them together while you put your horse away
- 4) You will have a big say in your music choice! Tony will guide with selection for your horse and possible tempos/rhythms for each pace, but we want YOU to love your music!
- 5) If you are going to be late, please call Tony on 07886363959 and we will try to fit around any last minute issues.
- 6) Please don't feel any nerves or pressure. Freestyle is fun, Tony is very relaxed and we want you to have a great time!
- 7) Please be in the arena 20 Minutes before your slot to warm up!

Look forward to meeting you and happy riding!
