

January 2026 Class in the Post

Card 1: Water Colour Card

Measurements:

Card base 14.8 cm x 21cm scored @ 10.5 cm
Granny Apple Green layer 12.8 cm x 8.4 cm
Die cut or punched piece for Heat embossed sentiment
Basic white layer for inside 14.4 cm x 10.1 cm

Method:

Stamp the Flower and leaf images across the Watercolour paper with versamark and heat emboss with gold
Using ink and waterbrushes water colour the images
Leave to dry
Once painting is dry cut a layer 12.4 cm x 8 cm and keep the rest for a second card
Stamp on insert and stick inside the card
Stick the watercoloured piece firmly to the Granny Apple Green layer and then onto the card base
Heat emboss a sentiment onto the punched piece and attach to card with dimensionals
Add gems

Card 2: Square Card

Measurements:

Basic White card base 29 cm x 14.5 cm scored at 14.5 cm

DSP Layer 13.5 cm x 13.5 cm

Vellum Layer 12.5 cm x 12.5 cm

Method:

Use trimmer or score board to score the lines onto the vellum layer

Heat emboss the sentiment and edges of the vellum layer

Heat emboss the edges of the DSP

Glue the DSP to the card base

Attach the Vellum layer using strategically placed glue dots

Colour the back of the vellum ephemera leaves with blends

Decorate the card with the vellum ephemera using dimensionals

Add ribbon loops and gems

Card 3: Interlocking Double Gatefold Card

Cased from Einat Kessler

Measurements:

- 1 piece 9 1/2" x 5 7/8" old olive cardstock (base)
- 1 piece 10 5/8" x 5 7/8" Basic Whiter cardstock (insert)
- 4 pieces 5 3/4" x 2" DSP
- Top insert panel:
 - 1 of each: 3" x 3" DSP, 3" x 2", 3" x 2"
- Bottom insert panel:
 - 1 of each: 3" x 2 1/2" DSP, 2 1/2" x 2", 2 1/2" x 2"

Method:

1. Score base at 1/2" and 2 5/8" then turn 180 degrees and repeat on the other side. Fold M, V, V and M.
2. Score insert at 2 1/8" and 4 1/4" then turn 180 degrees and repeat on the other side.
3. Turn insert 45 degrees and align the short side with 2 3/4". Cut from top to the second score line from top. Then cut from bottom to second score line from bottom. Cut out two corner rectangles on each insert corner. Fold both sides to the center in accordian – V and M.
4. Attach DSP to the inside of the base. Apply glue to the back of the insert and attach to the base aligned in the centre.
5. Spread both insert arms. Mark edges on base outer tabs as shown in the video. Cut out the bottom corner on the right tab and top corner on the left tab.
6. Attach insert arms to base as shown in video.
7. Attach DSP pieces to the card.
8. Make the flower as per video or zoom
9. Decorate the card with the flower, a sentiment and gems
