

Arriving & departing Wild Things

As we are based in the school grounds it is important we follow Millthorpe's protocols for visitors. They have recently updated these, so please can we:

At the beginning of sessions:

- Please wait at the school gate (Nunthorpe Avenue entrance) – even if the gate is open - until Emma or Michelle arrives to greet you.
- You will be given a visitors lanyard to wear by Emma or Michelle as you come through the gate.
- If you are late please call Emma – 07968060182 – and either Emma or Michelle will come over to let you in, and walk over with you.
- If you have another adult joining you for the session and arrive later please make sure they know these procedures too.

At the end of sessions

- Emma or Michelle will wait at the school gate and will collect your lanyard from you.
- If you want to leave early please find Emma or Michelle so one of us can see you across the field – please do not walk over on your own.
- Due to these new procedures please aim to leave the session by 11.45am

Photos

- Please limit your use of mobile phones when waiting at the school gate especially if students are around.
- We love that you take photos – we get to see lots of exploration and play that we sometimes miss – please make sure you only take photos of your child. If you want to include other children please check permission with their parent/carer.
- If/when students start using the field near Wild Things during break time please refrain from taking photos on your mobile phone.
