

## Withdrawal Consent

Parents/carers and children all have the right to have their data protected. The GDPR provides children with the same rights as adults. Splat Messy Play Ltd takes this seriously and will hold, process and store data in accordance with the GDPR.

The forms below have been designed so that you fully understand what you are consenting to and what you wish to abstain from consenting to. You can also be sure that in the event that you provide consent and then wish to withdraw that consent, SMP will ensure that your wishes and the wishes of the child are fully respected, and data is erased as quickly as it was provided.

Any photographs that you have previously provided consent for in order to be shown on social media may not be able to be deleted completely. So please think carefully before agreeing for me to use photographs on a social media platform.

Withdrawing Consent:

Child's Name:	Consent already provided	Consent now being withdrawn
Print Name Below	Signature of parents	Date:
