Qualification & Entry Requirements

- **Objective:** The objective of the qualification is to support learners in becoming emergency first aiders in the workplace. The content of the qualification meets the Health and Safety Executive (HSE) requirements for training emergency first-aiders in those organisations that have identified that staff need to be trained to this level within their first-aid needs assessment.
- **Qualification overview:** The qualification covers knowledge such as the roles and responsibilities of the first aider and how to assess an incident. The qualification also covers first aid skills in cardiopulmonary resuscitation (CPR) and use of an automated external defibrillator (AED), providing first aid to a casualty who is choking and dealing with external bleeding and hypovolaemic shock, also how to provide first aid for minor injuries.

In line with guidance provided by the HSE, the qualification supports/approves workplace emergency first aiders for a period of 3 years, after which point learners will need to retake the course. Therefore, this qualification is valid for three years from the date of award. In addition to this, it is recommended that learners refresh their knowledge annually.
- **Age:** 17+.
- **Language:** Course delivered in English; Level 1 English assessment required before starting

Assessments

- **Written:** Learners are required to pass a 15-question multiple-choice theory paper. The unit may be completed at the end of the course or when all knowledge has been covered. It is recommended that learners have a minimum of 90 seconds per question, therefore a minimum time of 25 minutes should be provided to learners to complete the theory assessment.
- **Practical assessment:** Practical assessments are completed throughout the course delivery. This ongoing assessments requires learners to demonstrate practical first aid skills.
