

Early Years Network

Are you an Early Years practitioner keen to make connections with other professionals, share best practice and develop your knowledge of Early Years pedagogy?

Our new Early Years network provides the opportunity for colleagues to discuss & reflect on current maths provision, and explore a range of research & effective practice approaches.

This collaborative network plans to support, enhance & challenge your own mathematical thinking in order to make a difference to your children's engagement & outcomes in maths.

WHAT IS THE COST?

The Early Years network is fully funded through the East Midlands East Maths Hub so is free to participating schools.

WHO IS LEADING THE WORK GROUP?

Jayne Carter, Early Years Consultant - Ignite Education Ltd.

SESSION DETAILS

All sessions will be online until further notice.

Monday 29th March (3:30 – 5:30pm)

Monday 24th May (3:30 – 5:30pm)

Thursday 1st July (3:30 – 5:30pm)

COVID RECOVERY

The school year 2020/21 will be substantially affected by the impact of the coronavirus outbreak. The knock-on effects on school life and teachers' working lives can't be predicted with any certainty. So, all Maths Hubs work will be flexible and adapt to changing realities. There's likely to be more live online collaboration, often including use of video, for example. In addition, Work Group content will be adjusted to address schools' recovery from coronavirus-related disruption alongside work on the central maths subject matter of each project.
